Modifications 2023

New series, programme additions & changes

New MEM series

The organically flowing yet reduced form of MEM is reminiscent of a natural water source. Its uncomplicated yet unobtrusive form exudes great presence. With many, high-quality finishes to choose from, a high level of individualisation is also possible

The following items will be available in the course of the launch:

MEM	Art. No.	Name
	33 805 682-FF	Single-lever mixer
	33 800 682-FF	Single-lever mixer
	33 815 682-FF	Single-lever mixer
	32 815 682-FF	Two-hole mixer with individual rosettes

Relaunch of META.02 to META SQUARE

META.02 becomes META SQUARE. The clean, reduced design of the series is impressive. The consistent reduction of form and volume, such as dispensing with a rosette and bevelled edge, combined with delicate transitions, makes the series highly adaptable. META SQUARE is available in numerous versions and is the best way to cover all use cases in the kitchen.

The following items will be repositioned in the course of the relaunch:

META SQUARE/ META.02	New article number	Name	replaces article number	Name
	33 815 861-FF	Single-lever mixer	33 810 625	Single-lever mixer
	33 826 861-FF	Single-lever mixer for rinsing/Profi spray	33 820 625	Single-lever mixer for rinsing/Profi spray
	32 815 861-FF	Two-hole mixer with individual rosettes	32 815 625	Two-hole mixer with individual rosettes

The following items will be added to the series in the course of the relaunch:

META SQUARE	New article number	Name
	33 805 861-FF	Single-lever mixer
	33 800 861-FF	Single-lever mixer
	33 870 861-FF	Single-lever mixer Pull-down with spray function

Product additions LOT, TARA and TARA ULTRA

The following items will be added to the LOT, TARA and TARA ULTRA series:

LOT	New article number	Name
	33 800 680-FF	Single-lever mixer

TARA	New article number	Name
	33 805 888-FF	Single-lever mixer
	33 870 888-FF	Single-lever mixer Pull-down with spray function
	32 815 888-FF	Two-hole mixer with individual rosettes

TARA ULTRA	New article number	Name
	32 815 875-FF	Two-hole mixer with individual rosettes

Modifications 2023

Refinement of round miscellaneous

In the course of refining some miscellaneous items in a round design language, the following items will be repositioned:

Rinsing sprays	New		replaces	
	article number	Name	article number	Name
	27 731 970-FF	Rinsing spray set	27 721 970	Rinsing spray set
	27 799 970-FF	Profi spray set	27 789 970	Profi spray set

Accessoires	New		replaces	
	article number	Name	article number	Name
	82 444 970-FF	Dispenser with rosette	82 434 970	Dispenser with rosette

Increasing the number of surface finishes

Champagne, Brushed Champagne and Dark Chrome finishes will extend the kitchen assortment for all the series.

Discontinuations

The following products will be discontinued from the product programme on 30.09.2023:

Individual items

TARA wall-mounted sink mixer (36 819 892-FF) and META.02 two-hole mixer with 200 mm projection (32 800 625-FF) are being withdrawn from the programme.

Sink miscellaneous

Preparation boards (84 700 001-FF), colanders (84 800 001-FF, 84 801 001-FF) and the Inox pad (84 711 001-FF) are being withdrawn from the programme.

Finishes

Descriptions of the finishes

Dornbracht products are designed to retain their special aesthetic quality and reliability for many years. This is why we attach great importance to maintaining a high standard of quality throughout the production process. This starts with selecting the right raw materials. Then the pieces are formed and polished. After numerous further stages and strict quality controls, the fittings are given their exquisite finishes in the electroplating shop. They then undergo a further check and are carefully packed, so that our exclusive, hand-made products can be safely transported.

Plated Finishes	Description	Production
Chrome -00 Brushed Chrome -93	A timeless, classic, high-gloss or matte finish that is cool in character.	<ol style="list-style-type: none">1. Basic material: brass / ABS (plastic) / die-cast zinc2.1 Surface work: rough grinding and regrinding, polishing, superfine polishing2.2 Surface work: rough grinding and regrinding, polishing, matte finishing3. Treatment preparation: cleaning, ultrasonic cleaning4.1 First plated coating: shiny nickel4.2 First plated coating: matte nickel5. Second plated coating: chrome
Platinum -08 Brushed Platinum -06	A timeless, classic, high-gloss or matte finish with a warm undertone.	<ol style="list-style-type: none">1. Basic material: brass / ABS (plastic) / die-cast zinc2.1 Surface work: rough grinding and regrinding, polishing, superfine polishing2.2 Surface work: matt finishing3. Treatment preparation: cleaning4.1 First plated coating: shiny nickel4.2 First plated coating: matte nickel5. Second plated coating: palladium nickel
Champagne -47 (22-karat gold) Brushed Champagne -46 (22-carat gold)	A light, modern, golden colour in a gloss or matte finish.	<ol style="list-style-type: none">1. Basic material: brass / ABS (plastic) / die-cast zinc2. Surface work: rough grinding and regrinding, polishing, superfine polishing3. Treatment preparation: cleaning, ultrasonic cleaning4.1 First plated coating: shiny nickel4.2 First plated coating: matte nickel5. Second plated coating: palladium nickel, for ABS/die-cast zinc only6. Third plated coating: 22-karat gold
Durabrass -09 (23-karat gold) Brushed Durabrass -28 (23-karat gold)	A warm, modern, golden colour in a gloss or matte finish.	<ol style="list-style-type: none">1. Basic material: brass / ABS (plastic) / die-cast zinc2.1 Surface work: rough grinding and regrinding, polishing, superfine polishing2.2 Surface work: rough grinding and regrinding, polishing, matte finishing3. Treatment preparation: cleaning4.1 First plated coating: shiny nickel4.2 First plated coating: matte nickel5. Second plated coating: palladium nickel, only when the basic material is ABS/die-cast zinc; no palladium nickel coating when the basic material is brass6. Third plated coating: 23-karat gold
Dark Chrome -19	Combining the brilliance of Chrome with a colour that is dark and mystically warm.	<ol style="list-style-type: none">1. Basic material: brass / ABS (plastic) / die-cast zinc2.1 Surface work: rough grinding and regrinding, polishing, superfine polishing2.2 Surface work: rough grinding and regrinding, polishing, matte finishing3. Treatment preparation: cleaning, ultrasonic cleaning4.1 First plated coating: shiny nickel4.2 First plated coating: matte nickel5. Second plated coating: nickel anti-corrosion coating6. Third plated coating: Chrome III dark

Finishes

PVD finishes

Description

Production

Brushed Dark Platinum

Sensuous, mystic finishes in dark colours that exude a natural warmth.

1. Basic material: brass / ABS (plastic) / die-cast zinc
2. Surface work: rough grinding and regrinding, polishing, matt finishing
3. Preparatory treatment: cleaning, ultrasonic cleaning
4. First plated coating: matt nickel
5. Second plated coating: chrome
6. Sealing PVD coat

Paint finishes

Description

Production

Matte black Red Orange Dark Green

Matte or gloss finishes ranging from subtle, neutral tones to vibrant colours.

1. Basic material: brass / ABS (plastic) / die-cast zinc
2. Surface work: rough grinding and regrinding, polishing, matt finishing
3. Sealing Powder coating or wet paint coating

Dornbracht fittings are the sculptural heart of every kitchen. They epitomise perfect workmanship and quality “made in Germany”, as well as top-class, stunning design with personality. Their aesthetic quality is based on the universal design principles that characterise the entire Dornbracht product portfolio. With Dornbracht, you can always be sure that your chosen kitchen furnishing will be as enduring as it is timeless. The variety of the different design series ensures that you have a broad spectrum of creative options at your disposal.

Dornbracht applies know-how from the professional kitchen to the private domain. The result is fittings that provide specific and efficient support for the different processes in the kitchen. Functions range from pull-down and pull-out fittings, to a pivoting 360° fitting for the cooking island, to rinsing and Profi sprays, to water dispensers for filtered drinking water at the touch of a button.

Which functions are available for which series can be found in the following table:

17 861 790

HOT & COLD WATER DISPENSER

- 142 mm projection
- rigid, thermally insulated spout
- laminar flow
- provides filtered, hot water up to 93 °C
- provides filtered, cold water
- max. flow 2 l/min at 3 bar flow pressure
- ready-to-use control unit for wall mounting (135 mm x 160 mm x 60 mm)
- electronic magnetic valve
- 100-230 V, 50-60 Hz, 18 W power supply unit, incl. country-specific adapter set
- lead-free

A minimum flow pressure of 3 bar is necessary for the HOT & COLD WATER DISPENSER to work perfectly in conjunction with a hot water tank and filter.

In addition, the installation must be above a kitchen sink.

The filter cartridge must be changed every six months. The installation instructions contain further information for guidance.

Detailed planning information and technical data can be found at www.dornbracht.com/professional

17 861 680

HOT & COLD WATER DISPENSER

- 145 mm projection
- rigid, thermally insulated spout
- laminar flow
- provides filtered, hot water up to 93 °C
- provides filtered, cold water
- max. flow 2 l/min at 3 bar flow pressure
- ready-to-use control unit for wall mounting (135 mm x 160 mm x 60 mm)
- electronic magnetic valve
- 100-230 V, 50-60 Hz, 18 W power supply unit, incl. country-specific adapter set
- lead-free

A minimum flow pressure of 3 bar is necessary for the HOT & COLD WATER DISPENSER to work perfectly in conjunction with a hot water tank and filter.

In addition, the installation must be above a kitchen sink.

The filter cartridge must be changed every six months. The installation instructions contain further information for guidance.

Detailed planning information and technical data can be found at www.dornbracht.com/ professional

17 861 625

HOT & COLD WATER DISPENSER

- **145 mm projection**
- rigid, thermally insulated spout
- laminar flow
- provides filtered, hot water up to 93 °C
- provides filtered, cold water
- max. flow 2 l/min at 3 bar flow pressure
- ready-to-use control unit for wall mounting (137 mm x 159 mm x 60 mm)
- electronic magnetic valve
- 100-230 V, 50-60 Hz, 18 W power supply unit, incl. country-specific adapter set
- lead-free

A minimum flow pressure of 3 bar is necessary for the HOT & COLD WATER DISPENSER to work perfectly in conjunction with a hot water tank and filter.

In addition, the installation must be above a kitchen sink.

The filter cartridge must be changed every six months. The installation instructions contain further information for guidance.

Detailed planning information and technical data can be found at www.dornbracht.com/professional

17 861 888

HOT & COLD WATER DISPENSER

- 146 mm projection
- rigid, thermally insulated spout
- laminar flow
- provides filtered, hot water up to 93 °C
- provides filtered, cold water
- max. flow 2 l/min at 3 bar flow pressure
- ready-to-use control unit for wall mounting (135 mm x 160 mm x 60 mm)
- electronic magnetic valve
- 100-230 V, 50-60 Hz, 18 W power supply unit, incl. country-specific adapter set
- lead-free

A minimum flow pressure of 3 bar is necessary for the HOT & COLD WATER DISPENSER to work perfectly in conjunction with a hot water tank and filter.

In addition, the installation must be above a kitchen sink.

The filter cartridge must be changed every six months. The installation instructions contain further information for guidance.

Detailed planning information and technical data can be found at www.dornbracht.com/ professional

Required miscellaneous

Hot water tank incl. filter

For details and miscellaneous, see page 112.

HOT & COLD WATER DISPENSER

- 146 mm projection
- rigid, thermally insulated spout
- laminar flow
- provides filtered, hot water up to 93 °C
- provides filtered, cold water
- max. flow 2 l/min at 3 bar flow pressure
- ready-to-use control unit for wall mounting (135 mm x 160 mm x 60 mm)
- electronic magnetic valve
- 100-230 V, 50-60 Hz, 18 W power supply unit, incl. country-specific adapter set
- lead-free

A minimum flow pressure of 3 bar is necessary for the HOT & COLD WATER DISPENSER to work perfectly in conjunction with a hot water tank and filter.

In addition, the installation must be above a kitchen sink.

The filter cartridge must be changed every six months. The installation instructions contain further information for guidance.

Detailed planning information and technical data can be found at www.dornbracht.com/professional

Single-lever mixer – extending spout

Sieger Design

Pull-down and pull-out single-lever mixers feature a functional element that can be extended downwards or forwards. In pull-down single-lever mixers, this changes at the touch of a button from a gentle laminar flow with minimal splashing to a powerful spray flow. Choose between an extending spout or an extending spray as the functional element for pull-out single-lever mixers.

Detailed product information, appropriate files, dimensioned drawings and 3D objects can be found online at www.dornbracht.com.

33 870 861

Single-lever mixer Pull-down with spray function

- 200 mm projection
- pivotable spout 360°
- laminar and spray flow
- 1800 mm metal shower hose
- sprayface with anti-scaling system
- max. flow 10.4 l/min at 3 bar flow pressure
- lead-free

Intrinsic protection against back flow.

Single-lever mixer – Profi fitting

Sieger Design

Profi fittings combine comfort and professionalism: pivoting Profi single-lever mixers increase the radius of action around the fitting, offering considerable variety of movement and design. Continually change between the two modes – air-enriched or spray flow – at any time, simply by adjusting the Profi spray.

Detailed product information, appropriate files, dimensioned drawings and 3D objects can be found online at www.dornbracht.com.

Functions

Bar Tap / Water Dispenser

Sieger Design

Our BAR TAPS are the easiest way to introduce an elegant source of drinking water into your kitchen. They are available in the design language of the LOT, MEM, META SQUARE, TARA and TARA ULTRA series.

Detailed product information, appropriate files, dimensioned drawings and 3D objects can be found online at www.dornbracht.com.

17 861 790

ELIO **HOT & COLD WATER DISPENSER**

- 142 mm projection
- rigid, thermally insulated spout
- laminar flow
- provides filtered, hot water up to 93 °C
- provides filtered, cold water
- max. flow 2 l/min at 3 bar flow pressure
- ready-to-use control unit for wall mounting (135 mm x 160 mm x 60 mm)
- electronic magnetic valve
- 100-230 V, 50-60 Hz, 18 W power supply unit, incl. country-specific adapter set
- lead-free

A minimum flow pressure of 3 bar is necessary for the HOT & COLD WATER DISPENSER to work perfectly in conjunction with a hot water tank and filter.

In addition, the installation must be above a kitchen sink.

The filter cartridge must be changed every six months. The installation instructions contain further information for guidance.

Detailed planning information and technical data can be found at www.dornbracht.com/professional

Rinsing sprays

Sieger Design

Adaptable, thorough and precise: the rinsing and Profi spray set helps with everyday chores at the most important workplace in the kitchen – the water point. The powerful spray flow is ideal for washing vegetables, fruit and meat. A meeting of discerning design and professional functionality. The sprays can be installed anywhere in the kitchen workspace and their neutral style makes them compatible with all the Dornbracht design series. This means additional functions in an extensive variety of combinations.

Detailed product information, appropriate files, dimensioned drawings and 3D objects can be found online at www.dornbracht.com.

27 731 970

Rinsing spray set

- with round rosette
- spray flow
- automatic spout/shower diverter
- fabric braided hose 1500 mm
- sprayface with anti-scaling system
- lead-free

for combining with fittings of the ELIO, MEM, META SQUARE, TARA and TARA ULTRA series
Intrinsic protection against back flow.

General information

Customisation of your Dornbracht fittings and accessories

From its very inception, Dornbracht, the fittings manufacturer, has never been a fittings manufacturer in the conventional sense. Our history now extends for over 60 years, during which we have abandoned the conventional routes time and again and have established ourselves with the reputation of a specialist for high quality and, above all, individual fittings and accessories for the bathroom and kitchen. With each of our fittings we also document our fascination for perfect manufacturing work. We use traditional craftsmanship as the basis for the very highest quality possible today – a combination of function, form and quality production for every single product design. Work at Dornbracht is not so much a matter of mechanics, but more a matter of mental or even emotional qualities. Every individual employee must be in love with every single one of our fittings, because that is the only way we can explain their great attention to detail and their continuous search for an even more perfect solution, that is a particular characteristic of our x-tra Service department. Many clever, precisely coordinated steps result in the aforementioned products that our customers expect from us.

Special production

If, when the kitchen is being planned, it emerges that the size of a fitting or an accessory is not a perfect fit for the architecture, our x-tra Service can make extensions and reductions, provided this is technically feasible.

Special finishes

Even if a certain finish is not listed in the catalogue for a Dornbracht fitting, the x-tra Service can refine every series in every finish and colour featured in the latest Dornbracht programme. Additional finishes and colours can be implemented on request, if production proves viable.

Surface finishing

To ensure that even the products not supplied by Dornbracht match the chosen fitting in the kitchen, the x-tra Service provides a finish refinement service. These products are then given the same finish as the fitting from the current product programme. This service is often also used for renovating kitchens using existing fitting elements.

Maintaining the value

To maintain our customers' pleasure in their Dornbracht classics for as long as possible, the x-tra Service offers the complete restoration of function and individual finishing for fittings which are no longer available, up to ten years after the series has been discontinued. For example, if the finish is dull and scratched, it will be ground, polished and galvanised until it gleams as good as new.

Special labelling

Our x-tra Service can personalise our products with special labelling, irrespective of quantity.

Services

Sales team

Personal advice and guidance on all commercial matters.
Intensive support covering every aspect of selling.

Terms and Conditions of Sale, Delivery and Payment

1. General

1.1. The following terms apply exclusively to all our quotations, sales and deliveries both now and in the future. We do not accept purchasers' terms of business which conflict with or differ from our Terms and Conditions unless we have expressly agreed to them in writing. This also applies in cases where we execute in the knowledge of the conflicting or differing Terms and Conditions of the purchaser or a third party delivery to the purchaser unconditionally or refer to a letter or document of the purchaser containing conflicting or differing Terms and Conditions of the latter or of a third party or refer to them without objecting to the Terms and Conditions concerned. Differing arrangements apply only to a specific contract and not to subsequent contracts, save where expressly otherwise agreed.

1.2. All agreements, subsidiary agreements and contractual amendments must be made in writing. To be effective, verbal or written agreements deviating from our contractual conditions and/or the order confirmation must be approved by the proper number of directors or authorised officers. Our office staff or field staff are not authorised to make differing agreements or grant special conditions.

2. Information, advice

Information and advice given on our products are based on our previous experience. The figures quoted are average values found. Information and advice do not obviate the need for acceptance tests on goods supplied or compliance with processing instructions. Information given verbally is not binding.

3. Quotation, contract signature

3.1. Our quotations are made without engagement. A supply contract or other contract becomes binding on us only when we have confirmed the customer's order or other order in writing or have delivered the goods.

3.2. Samples and specimens are supplied without engagement for inspection purposes. A purchase according to sample and/or specimen is subject to commercially acceptable deviations or those falling within normal manufacturing tolerances. Unless expressly specified in the order confirmation, the supply of patterns or samples does not constitute a guarantee of quality or service life.

3.3. Samples and specimens must be returned to us in perfect condition within 4 weeks. If they are not returned within this period we shall be entitled to charge the list purchase price. Price lists are available on request at any time.

3.4. Save where expressly otherwise agreed, the information provided by us in text or illustrated form (e.g. descriptions, illustrations or drawings) in catalogues, brochures or other publications conclusively define the quality of the goods we supply and their potential applications. The information we provide is not a guarantee of service life or quality and corresponds to our current state of knowledge. We accept no liability for successful use.

4. Prices

4.1. All prices agreed are net exclusive of VAT, which the purchaser must pay at the relevant statutory rate.

4.2. A minimum quantity surcharge of € 5.00 will be made on orders with a net merchandise value of under € 50.00.

4.3. If there is any increase in our sundry material procurement costs, energy costs or labour costs/incidental wage costs between the date of order confirmation and the date of delivery, we shall be entitled to adjust the agreed price accordingly. The purchaser will be entitled to cancel the contract with immediate effect if the price rise exceeds 5 %, but no later than within 10 days of the price increase becoming known to purchaser.

5. Delivery

5.1. The delivery periods will begin on the date of our order confirmation, but not before any agreed down payment has been received, all of the purchaser's other obligations have been duly and punctually fulfilled and not before all the order details have been finally clarified, the requisite certificates procured and/or all necessary documents provided. The delivery period

is deemed to have been met if the goods have left our factory or warehouse before this period has expired, or have been notified as ready for delivery but cannot then be forwarded on time for reasons beyond our control. Delivery dates are deemed to be approximate where there is no provision to the contrary and do not constitute a fixed transaction without a specific agreement to this effect. The purchaser is to inform us no later than at the time of conclusion of contract of any contractual default penalties that may be due vis-à-vis his customer in case of late delivery. Without such prior notification, the purchaser may not assert vis-à-vis us any claims arising from contractual default penalties he may incur.

5.2. When a delivery date not expressly designated as „fixed“ in the order confirmation is overrun, the purchaser may set a reasonable extension period for delivery. We can only be in default on expiry of this extension period.

5.3. Without prejudice to our rights arising from delays in payment by the purchaser, delivery dates will be extended by the period of time that the purchaser fails to honour his obligations towards us.

5.4. We reserve the right to make proper and timely self-supply if irregular self-supply is beyond our control.

5.5. Unforeseen, exceptional circumstances beyond our control such as strikes, lock-outs and other industrial action, operational breakdown e.g. due to fire and similar occurrences, difficulties in the sourcing of materials and energy, lack of labour resources, energy and raw materials, government action, transport disruption, difficulties in the obtaining of permits with specific regard to import and export licences or other instances of force majeure beyond our control and area of influence, irrespective of whether we or our suppliers are affected by such circumstances or whether they occur during an ongoing delay, the period of delivery is to be extended by the duration of the disruption in addition to a reasonable start-up period. Should the delay/disruption not be of a temporary nature and should delivery subsequently become impossible or compliance with the contract unreasonable for one party as a result, either party will be entitled to terminate the contract. Claims for compensation are excluded in such cases where neither party is to blame.

5.6. Our liability for loss due to delay arising from slightly negligent breach of duty is excluded, save where the breach of duty results in damage to life, limb or health. A change in the burden of proof to the disadvantage of the purchaser has no connection with this provision.

5.7. Should liability for loss due to delay arise not only from slightly negligent breach of duty, the purchaser may, insofar as he proves the existence of damage due to delay and subject to the exclusion of further claims, only claim compensation amounting to 0.5 % for each full week of delay, up to a maximum of 5 % in total, of the value of that part of the total delivery which owing to the delay could not be used on time or for its contractual purpose.

5.8. We shall be entitled to make part deliveries where acceptable to the purchaser. Part deliveries may be invoiced separately.

6. Forwarding, passage of risk

6.1. Delivery will be ex works (Iserlohn) unless otherwise agreed. If Incoterms have been agreed as delivery terms, the version applicable on the date of contract signature shall apply.

6.2. If at the purchaser's request the goods have been forwarded to a place other than the place of performance, the purchaser will meet all the costs thereby incurred. The choice of transit route and carrier will be at our discretion. We and the carrier must be notified in writing by the purchaser of the type and extent of any transit damage immediately on receipt of the goods. Goods will only be insured against damage, loss or breakage in transit at the purchaser's express request and at his expense.

6.3. Forwarding and transportation are always at the purchaser's risk when goods are supplied ex works. This is also applicable if we make delivery to a third party (drop shipment deliveries) and when goods or empties (reusable packaging) are returned. Even when part deliveries are made, the risk will pass to the purchaser as soon as the consignment has been transferred to the carrier or has left our warehouse for forwarding or, in the case of delivery ex works, has left our plant.

6.4. For drop shipment deliveries we add a surcharge of 10% on the net value of the goods.

6.5. If forwarding is delayed due to circumstances for which the purchaser is responsible, or if the purchaser himself is arranging transportation, the risk will pass to the purchaser on notification that the goods are ready for dispatch. The purchaser must meet storage charges incurred after the passage of risk. The monthly storage charge for goods stored to our factory or warehouse will be 0.5% of the invoiced amount. We reserve the right to make higher storage charges subject to proof. Once a reasonable period of time has elapsed to no effect, we shall be entitled to otherwise dispose of the goods and to supply the purchaser within a reasonably extended period.

7. Payment

7.1. Payment must be made in Euro (€) and must be free of charges and postage. It must be remitted only to the bank indicated by us. Checks will only be valid as payment after encashment and are accepted without obligation for due presentation and protestation.

7.2. Unless expressly otherwise agreed, invoices must be paid within 10 days of the invoice date at a 2 % discount and within 30 days of the invoice date with no deduction. There will be no discount entitlement if previous outstanding invoices remain unpaid.

7.3. When the period allowed for payment has been exceeded we shall be entitled to charge interest at 8 % p.a. above the basic interest rate (Section 247 of the German Civil Code [BGB]). All our outstanding accounts will also become due immediately.

7.4. The offsetting of any counterclaims by the purchaser is permissible only if such counterclaims are undisputed or established in law. The purchaser may at most withhold a sum amounting to three times the cost of subsequent performance due to deficiency. When exercising his right of retention the purchaser agrees to pay us security of our choice to the amount of the unpaid portion by bank guarantee or by depositing it with a notary of his choosing, whichever we choose.

8. Reservation of title

8.1. All goods delivered shall remain our property (reserved-title goods) pending settlement of all outstanding accounts on any legal grounds whatsoever, including all future and conditional claims arising from contracts signed simultaneously or subsequently. The same shall apply if payments are made on specially designated accounts outstanding. Should there be justifiable grounds for assuming that a purchaser is unable to pay or that such inability is impending, we shall be entitled to terminate the contract without notice and to demand restitution of the goods.

8.2. Reserved-title goods are manufactured and processed on our behalf as manufacturers in accordance with Section 950 BGB without incurring any obligation on our part. Processed goods are deemed to be reserved-title goods as defined in para. 8.1. If the reserved-title goods are processed, interconnected, mingled or mixed with supplied goods by the purchaser, we shall be entitled to co-ownership of the new goods to the ratio of the invoice value of the reserved-title goods. Should our title cease as a result of the combination or inclusion, the purchaser agrees with immediate effect to assign to us his title or expectant rights in the new goods or object to the extent of the invoice value of the reserved-title goods and to retain same on our behalf at no charge. The co-ownership rights at issue shall be deemed to be reserved-title goods as defined in para. 8.1.

8.3. The purchaser may sell on, process or combine the reserved-title goods with other items or otherwise install them (resale) only as part of his normal business operations and as long as he is not in default. He shall not be entitled to dispose of the reserved-title goods in any other manner. We must be informed immediately of any third party seizure or other access to the reserved-title goods.

8.4. The purchaser agrees with immediate effect to assign to us his claims arising from the resale of the reserved-title goods. These rights shall be considered as security to the same extent as the reserved-title goods. The purchaser will only be entitled and authorised to resell on the assurance that the claims thereby owed him are transferred to us.

8.5. If the reserved-title goods are sold by the purchaser at an inclusive price together with third-party

goods, the claims arising from the sale shall be assigned to us in the same ratio as the invoice value of our reserved-title goods sold in each case.

8.6. If the claim assigned is included in a current account, the purchaser hereby assigns to us a part of the balance corresponding to the amount of this claim inclusive of the final balance from the current account.

8.7. The purchaser will be entitled to collect the claim assigned us until such time as we revoke. We shall be entitled to revoke if the purchaser fails to meet his payment obligations arising from the business transactions with us or if we become aware of circumstances likely to substantially lessen the purchaser's credit worthiness. If the conditions are such that we wish to exercise our right to revoke, the purchaser must on request inform us forthwith of the claims assigned and the debtors thereof, provide all the information necessary to collect the debt, hand over the associated documents to us and notify the debtor of the assignment. The buyer is not authorised to assign any claims, not even on the basis of our direct debit authorisation.

8.8. Should the realizable value (invoice amount of goods or nominal amount of the receivables) exceed 50% of the securities existing for us, we are obliged to release securities of our own choice upon the purchaser's demand.

8.9. Our assertion of reservation of title shall not constitute revocation of the contract unless we expressly state this in writing. The purchaser's right to own the reserved-title goods shall lapse if he fails to perform his obligations under this or any other contract.

9. Liability for faulty goods

9.1. We do not accept liability for unsuitable or improper use, particularly excessive loading, faulty assembly or faulty operation by the purchaser or third parties, natural wear and tear, faulty or negligent usage or handling, particularly by untrained staff.

9.2. The purchaser agrees to inspect deliveries carefully for completeness and adequacy immediately on receipt – even if patterns or samples were previously supplied. The delivery is deemed to have been accepted if a deficiency has not been reported to us by letter, telex or fax within 10 working days of the goods arriving at their destination, or, if the deficiency could not be found during proper inspection, within 10 working days of discovering same. This also applies to multiple deliveries. A multiple delivery is deemed to have been accepted if no complaint is lodged within 10 days of the goods arriving at their destination. Our field staff are not authorised to acknowledge quantity or deficiency complaints.

9.3. A purchaser accepting faulty goods knowing them to be defective shall only be entitled to the claims and rights in respect of deficiencies if he reserves the right to these by reason of deficiency on acceptance.

9.4. We guarantee to meet the purchaser's claims for defective goods for a period of two years, starting with the date of each delivery. This will not affect liability for defects in title under statutory regulations. The liability for losses contingent on defects shall be governed by para. 10.

9.5. Where there are grounds for complaint, the purchaser will initially only have a claim to subsequent performance which we may effect as we deem fit, either by repair or by supplying a defect-free item. If subsequent performance fails or is unacceptable or dispensable to the purchaser (Section 440 BGB), the purchaser will have the right to reduce the purchase price or, if he so chooses, to revoke the contract or to demand damages in place of performance or reimbursement of wasted expenditure in accordance with para. 10 because

- a) we finally refuse subsequent performance,
- b) we do not effect subsequent performance on a contractually agreed date or within a specific period and in the contract the purchaser has bound the continuance of his interest in performance to the timely delivery of performance,
- c) there are special circumstances which justify immediate cancellation on a consideration of the interests of both parties (Section 323 para. 2 BGB).

9.6. Where we deem it necessary to effect repairs or replacement deliveries, the purchaser shall allow us sufficient time and opportunity for such repairs or

replacement deliveries, otherwise our liability for the deficiency shall be deemed to have been discharged. Only in urgent cases of risk to operating safety or to avert considerable damage, in which case we must be informed immediately, or when we are late in rectifying the defect shall the purchaser have the right to remedy the defect himself or have it remedied by a third party and to demand compensation of the requisite cost from us.

9.7. Our manufacturer's warranty is regulated in the respective applicable warranty conditions. You can find it under www.dornbracht.com.

10. Liability for damages

10.1. We accept liability for damages arising from injury to life, limb or health and in accordance with the Product Liability Act pursuant to the relevant statutory provisions.

10.2. Our liability for breach of duty and our non-contractual liability shall, moreover, be limited to malicious intent and gross negligence. Liability for gross negligence by our non-senior employees, staff and vicarious agents is hereby limited to the level of contractually typical, foreseeable damage, the occurrence of which we could have expected at the time of conclusion of contract on the basis of the circumstances known to us at the given time to the exclusion of damage not incurred directly by the object of delivery such as and above all the lack of economic success, lost profit, indirect damage, consequential damage due to a given defect and third-party claims.

10.3. The above limitation of liability pursuant to para. 10.2. does not apply to the breach of duties material to contract (cardinal duties). The latter are those duties compliance with which permits proper and due fulfillment of contract at all and in the compliance with which the contracting party trusts and is entitled to trust. In this case, even in the event of slight negligence, we shall be liable for our own negligence and that of our employees, staff or vicarious agents, limited however to the level of contractually typical, foreseeable damage, the occurrence of which we could have expected at the time of conclusion of contract on the basis of the circumstances known to us at the given time.

10.4. The above limitations on liability apply equally to claims for the reimbursement of wasted expenditure (Section 284 BGB).

10.5. Claims against us for damages on any legal grounds whatsoever shall become statute-barred within two years of the statutory commencement of the limitation period.

10.6. A shift in the burden of proof to the disadvantage of the purchaser is not connected with the above provisions.

11. Returned goods

The reconsignment of goods sold or the reversal of the contract are only admissible in exceptional cases and upon our explicit prior consent, except in the cases stated in these Terms and Conditions. Goods sent back without our consent will be rejected, respectively returned to the Buyer freight forward. Reconsigning goods as described above always go at the Buyer's risk and account. When reimbursing the value of reconsigning goods, we will charge handling expenses amounting to 25% of the net value of the goods and make deductions according to the usability of the goods.

12. Data Protection / Confidentiality Agreement

12.1. We process and use personal data under consideration of applicable data protection law. The processing and use is effected for the purpose of fulfillment of our services rendered to the purchaser. In this context it might be necessary to transfer the data to third parties, for example to the data processing center being employed by us, logisticians or collection agencies. Furthermore, an exchange of data might occur within our company group. If necessary, we will obtain the required consent for the processing of the data from the purchaser. Further information with regard to the handling of data can be gathered from our data protection policy which is available in the internet under www.dornbracht.com. In addition, our data protection officer will be at your disposal for any questions.

12.2. The purchaser is obliged to keep the content of our offer / the agreement or other confidential

information respectively company and business secrets in strict confidence. Those information may only be disclosed to third parties if this is legally compulsory or if we have given our prior written consent. Information known to the purchaser prior to the receipt of our offer or publicized prior to or after conclusion of the contract without our or the purchaser's involvement are not regarded as confidential information.

13. Place of performance, court of jurisdiction, applicable law

13.1. The place of performance for the obligations of either party under this contract shall be Iserlohn.

13.2. Any disputes involving registered merchants shall exclusively be settled before a competent court of law having jurisdiction for our headquarters. We shall, however, be entitled to bring an action against the purchaser at another legal place of jurisdiction.

13.3. The relationship between ourselves and the purchaser shall be governed by German law to the exclusion of the United Nations Convention on the International Sale of Goods (CISG) and the provisions of international patent law.

13.4. Should subsequent circumstances cause individual provisions of these Terms and Conditions to be or become invalid, this shall not affect the validity of the remaining provisions.
